

TotalLink2 community

Madison McGinty

Madison McGinty is joining the TotalLink2 Community team as the Program Director, where she will be responsible for strengthening TotalLink's programming and is looking to strategically develop new programs that meet the needs and wants of TotalLink's participants and their families.

Madison has a passion for discovering the potential in others and is looking forward to making connections with the young adults at TotalLink and learning how she can support them best. Previously, Madison worked as a special education teacher in the Social Communication Center at Highland Park Middle School in Beaverton, Oregon, where she designed and implemented individualized lesson plans in the area of social skills, mathematics, reading, writing, self-direction, and social-emotional regulation. Before her work at the middle school level, Madison piloted, developed, and implemented a full-inclusion preschool program for children with disabilities in the Beaverton School District. Madison recently moved to the Chicagoland area and lives in Long Grove near her family. She is excited to be settling in before her wedding in July to her fiancé Brandon.

Madison enjoys crafting, hiking, yoga, adventuring, and volleyball. Madison has her Bachelors of Arts in Special Education with endorsements in English as a Second Language and Elementary Education from the University of Northern Colorado and is currently completing her Masters of Education in Educational Leadership from Grand Canyon University.
